

Grants Request Form 2022
Gallatin Gardeners Club
info@gallatingardenersclub.com

The Gallatin Gardeners Club has been supporting gardening-related activities in the valley since the club's founding in 1982. In recent years, with the development of a club market garden, the Gallatin Gardeners Club income from summer Farmers Market sales has greatly increased. The club uses this income, along with proceeds from its annual Plant and Tool sale, to provide grant support to local non-profits, schools, and community groups as well as MSU scholarships and horticulture programs.

The Gallatin Gardeners Club criteria for evaluating grant requests is based on the club's goals of furthering horticultural knowledge and practice, promoting understanding of gardening and nutrition, and increasing the availability of fresh, locally grown foods. Projects submitted for funding should address one or more of the following criteria (not listed in any order of preference):

- 1) Advance gardening practice or horticultural knowledge and training
- 2) Support the dissemination of gardening and nutritional knowledge at the school and/or community level
- 3) Expand opportunities for gardening through development of community and school gardens
- 4) Promote the aesthetic benefits of gardening and encourage the creation or improvement of local landscapes to provide human enjoyment, wildlife habitat and other benefits
- 5) Increase the availability of fresh, locally grown produce
- 6) Meet the nutritional needs of underserved members of the community—when possible, through provision of locally grown foods
